**Tools used:** Course assessment rubrics by faculty, graduating student survey

**Data Collection:** The data are collected every semester based on the course offerings.

**Frequency of data collection:** The data are collected every time courses are taught.

**Data Analysis:** The data obtained are analyzed every year.

**Closing the loop:** This outcome is subject to review every year based on performance criteria and metrics and specific action items are developed, if necessary, to revise the content of the courses. The analyzed data are presented separately to the following groups in meetings.

a) Faculty

b) Advisory Board
Performance criteria:

Student performance was evaluated at three levels with associated criteria:

- Below expectation – student’s mastery of subject matter was insufficient. A student performing at this level should not be allowed to take a course that has the evaluated course as a prerequisite.
- Meets expectation – student showed sufficient mastery of the subject that he/she met the prerequisite expectations for any follow on course.
- Exceeds expectation – student mastery of the subject exceeded the minimum expectations for the course.

Metrics:

a) Sophomore Classes, 200 level classes, at least 70 percent of the students should meet or exceed expectations.

b) Junior classes, 300 level classes, at least 80 percent of the students should meet or exceed expectations.

c) Senior Classes, 400 level classes, at least 90 percent of the students should meet or exceed expectations.
Assessment Tool:

Course Assessment Rubric by Faculty
Assessment Rubric for Homework Assignments, Reports, Projects, and Exams

Use one form for each student outcome being evaluated for a class.

Course Name: _______________________________ Course Number: ___________________ Date ____________

Instructor: ______________________ Semester: ___________________ Class Size: _________________________

Brief Description of Assignment: ________________________________________________________________

Circle Student Outcome Being Assessed:   a        b        c        d        e        f        g        h        i        j        k

Indicate an overall class performance for the performance indicator based on the percent of students performing below, meeting or exceeding expectations for each performance indicator. The overall class performance identifies the percent of students meeting or exceeding expectations for the student outcomes.

WVU Benjamin M. Statler College of Engineering and Mineral Resources
Graduating Senior Survey 2014/15

Please provide the following information. All responses in this part of the survey will be kept confidential, and only aggregate data is used in reporting.

Graduation Month: Dec / May / Aug

Major (check all that apply):
____ Aerospace Engineering ____ Computer Science ____ Petroleum and Natural Gas Engineering
____ Biometric Systems ____ Electrical Engineering ____ Biomedical Engineering
____ Chemical Engineering ____ Industrial Engineering ____ Geology
____ Civil Engineering ____ Mechanical Engineering ____ Other:__________________
____ Computer Engineering ____ Mining Engineering

Overall GPA: _______ / 4.0 Gender: M / F Home State/Country: ______________________

Race/Ethnicity: __ African-American __ Hispanic __ Caucasian __ Other
____ Asian-American __ Native American __ Foreign National

For Race/Ethnicity, please select all that apply. If you are an international student, please select Foreign National.

1. Please mark each program(s) that you participated in during you undergraduate studies.
   a. ___ Co-op;  b. ___ Internship;  c. ___ Study abroad;  d. ___ Service Learning;  e. ___ Undergraduate Research

2. If you’ve participated in any of the above activities in question 1, please list the organization(s) and location(s):
   ______________________________________________________________________________________
   ______________________________________________________________________________________
   ______________________________________________________________________________________

3. How long ago did you begin the job/graduate school search process?
   ___ <3 months;  ___ 3-6 months;  ___ 6-9 months;  ___ >9 months

4. Which of the following best describes your immediate employment/education status following graduation?
   __ a. I do not plan to work in my field or continue my education. (Please complete the other side of this form)
   __ b. I am still interviewing/searching for a job or graduate school. (Please complete the other side of this form)
   __ c. I have a job offer(s) but have not yet accepted. (Please complete the other side of this form)
   __ d. I have been accepted into graduate school. (Please go to question 5)
   __ e. I have accepted a job position in my professional area. (Please go to questions 6 through 10)

5. University Name: __________________________;
   a. Program: ___ MS ;   ___ Ph.D.;   Professional Degree ___ MBA;   ___ MD;   ___ DDS;   ___ Law
   b. Were you offered an assistantship/fellowship/etc?   ___ Yes;   ___ No;
   c. If you have an assistantship, my monthly stipend is: __ < $1,000 ___ $1,000-1,500 ___ $1,500-2,000
      ___ $2,000-2,500 ___ $2,500+

   Please complete the other side of this form

6. My employer’s name is __________________________

7. My employer’s business is best described as _________
   F. Government/military   G. Healthcare   H. Manufacturing   I. Service   J. Other

8. My employment is located in: ___ WV;   ___ MD;   ___ NJ;   ___ NC;   ___ OH;   ___ PA;   ___ VA;   ___ Other
    If other, please specify where: __________________________________________________________________

9. My starting annual salary is approximately (in units rounded to the nearest $1000):
   ___ < $30k;   ___ $30-34k;   ___ $35-39k;   ___ $40-44k;   ___ $45-49k;   ___ $50-54k;   ___ $55-59k;   ___ $60-64k;
   ___ $65-69k;   ___ $70-74k;   ___ $75-79k;   ___ $80-84k;   ___ $85-89k;   ___ $90-94k;   ___ $95-99k;   ___ $100k+

   Please complete the other side of this form
To help the assessment activities of the college and your major we ask that you take a few minutes to provide us feedback on your perception of how your undergraduate program prepared you in a number of important educational outcome areas. All entries will be treated as confidential.

Please give your assessment for items “a” through “q” and “r”, if it applies, using the following rating scale.

5 -strongly agree; 4 -agree; 3 -neutral; 2 -disagree; 1 -strongly disagree; N/A –not applicable (for r. i. & ii.)

10. Through the education and training I attained with my baccalaureate degree I have acquired the knowledge, skill or ability to:

a. Use the basic principles and practices of my engineering discipline
b. Recognize available opportunities and need to pursue continuing education and lifelong learning
c. Apply knowledge of mathematics to solve equations or systems of equations necessary for the solution of engineering problems
d. Apply knowledge of chemistry and physics effectively in solution of engineering problems
e. Design and conduct experiments relevant to the needs of my engineering discipline
f. Acquire, analyze and interpret data and information relevant to the needs of my engineering discipline
g. Design a component, system, or process to meet desired engineering outcomes and needs
h. Function on multidisciplinary teams to manage engineering projects
i. Translate a general problem description into a specific engineering approach
j. Understand professional and ethical responsibilities of a professional engineer
k. Effectively communicate my ideas, recommendations, etc. to others verbally
l. Effectively communicate my ideas, recommendations, etc. in memos, reports, etc.
m. Appreciate the impact of engineering from multi-cultural and global perspectives
n. Appreciate my engineering discipline’s impact on contemporary environmental and societal issues
o. Conduct economic evaluation of importance cost factors in engineering designs
p. Recognize the impact of engineering design on worker or public safety
q. Utilize software to solve problems relevant to the needs of engineers practicing my discipline in industry
r. If you transferred to WVU from another institution or department how would you agree with the following statements:
   i. The procedure for accepting my transfer was relatively seamless and straightforward
   ii. The procedure for validating credit for courses taken elsewhere was efficient

COMMENTS: __________________________________________________________
